

Care Circle

It takes a circle

About Us

Care Circle is a modern, mobile-first childcare platform designed for families in the Seattle, Bellevue, Kirkland and Redmond areas. We help parents connect with trusted, verified nannies while discovering family-friendly restaurants, parks and activities nearby in all one simple experience.

At Care Circle, our mission is to make childcare safe, transparent and stress-free. Parents deserve peace of mind and caregivers deserve a platform that highlights their skills, experience and passion for childcare. That's why Care Circle combines real background checks (powered by checkr), location-based search tools and clear, easy to read nanny profiles to help families make confident decisions.

We believe in community

We believe in safety

We believe childcare should be easier.

Whether you're a busy parent searching for a reliable nanny or a caregiver looking to connect with great families, Care Circle is here to support your journey with trust, convenience and care at the center of everything we do.

Problem Statement

Parents struggle to find trustworthy childcare.

Existing platforms are overwhelming or outdated.

Local restaurants/activity recommendations are not personalized for families.

Safety and vetted caregivers are the first concern

User Personas

Alexis, 23 - experienced nanny
looking for steady work

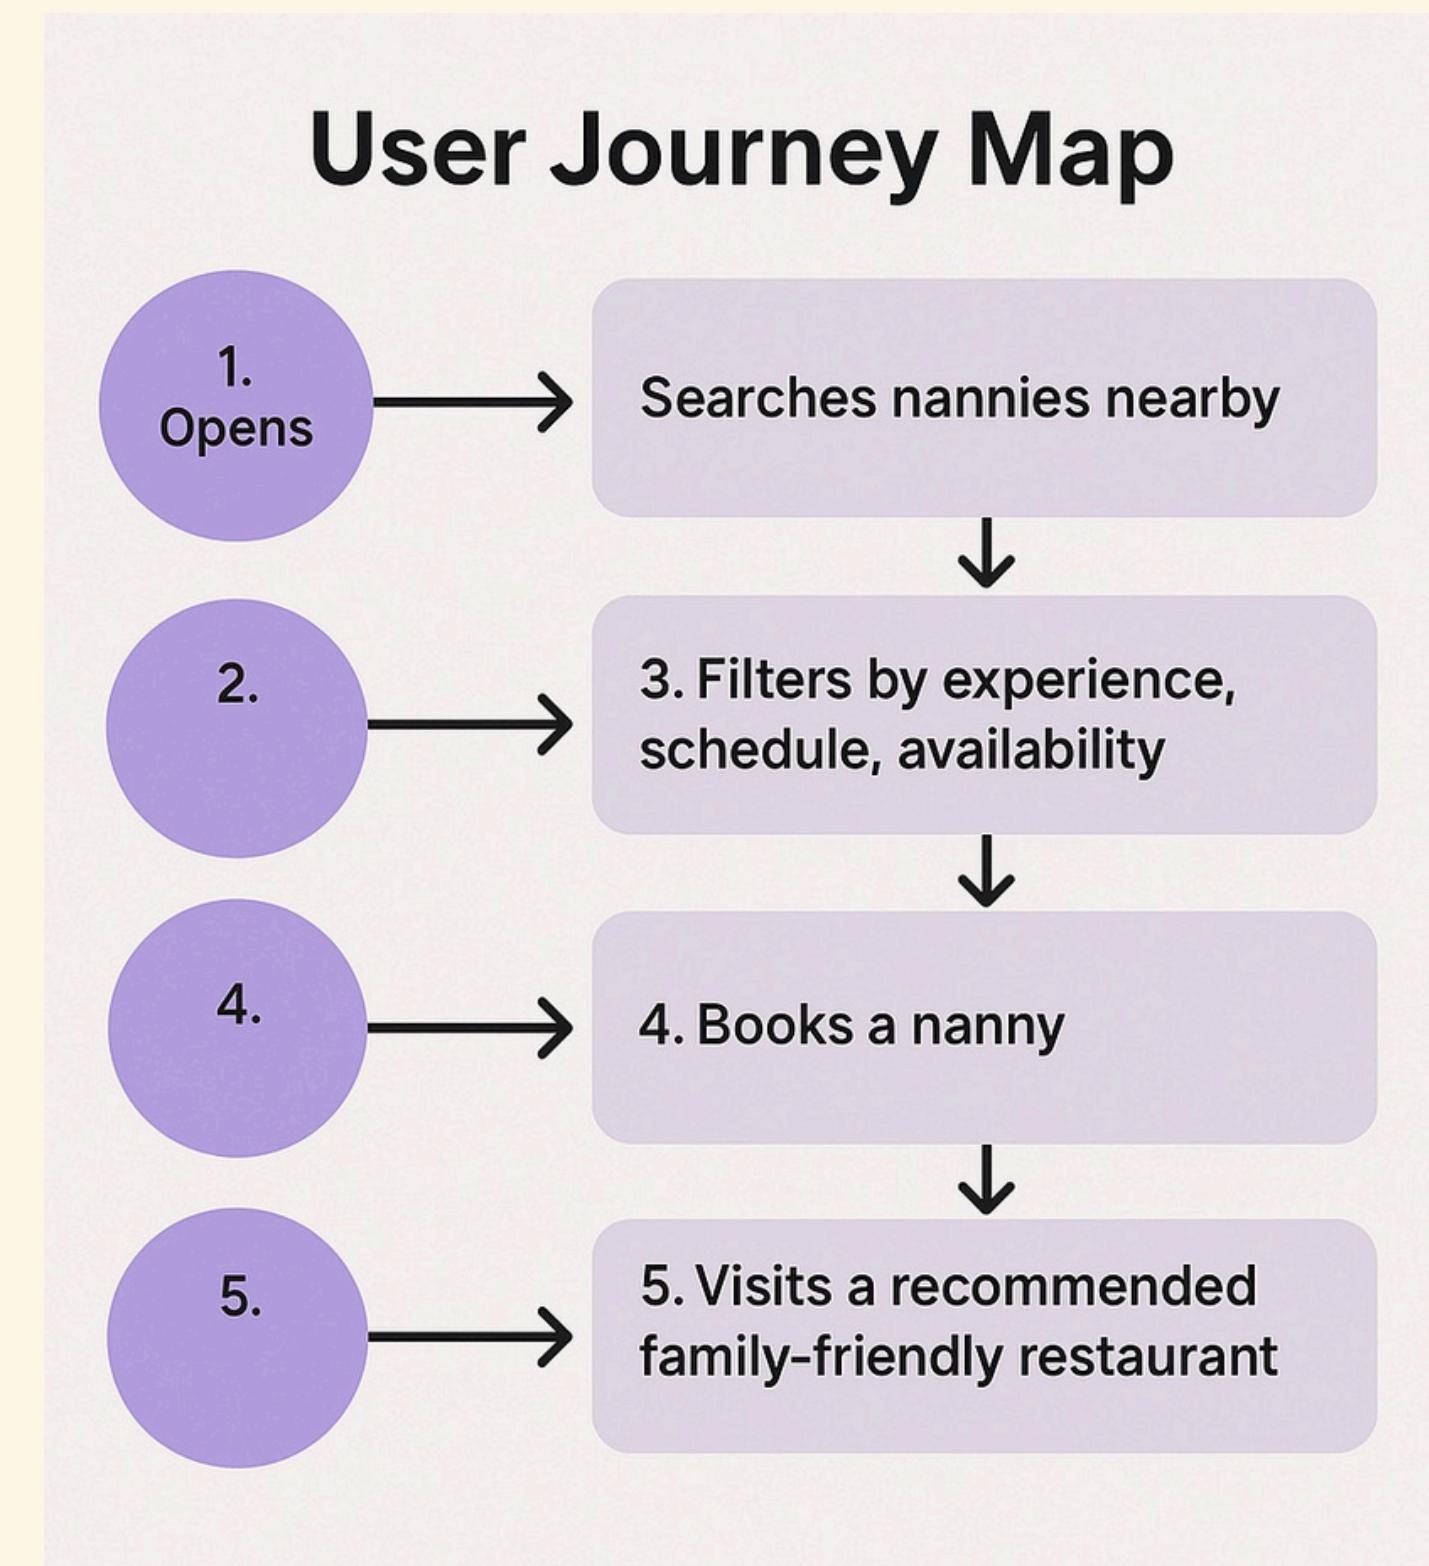

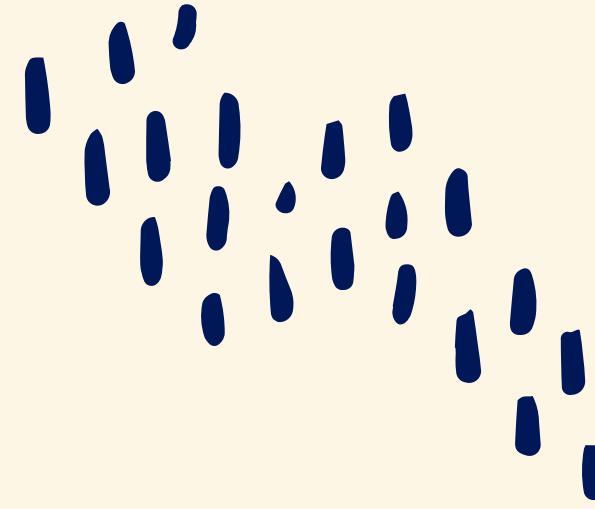

Jesse, 45 - restaurant owner who
wants to bring in more families

Maria, 32 - busy tech employee,
needs vetted childcare fast.
